14.3.4472

Release Notes

PrivateGSM - All editions - Version 14.3.4472

Improvements

- [PS-1138] - Warn user when setting too high volume, which would produce echo effects to the other party of the secure call

Fixed Bugs

- [PS-1131] - Only three "*" are shown when inserting PIN number
- [PS-1144] - PIN timeout could drift apart by 10%
