

15.0.0.5005

Release Notes

PrivateWave - All editions - Version 15.0.0.5005

Improvements

- [BBIO-101] - Improved application launch time when app - in background - receives an incoming call
- [BBIO-109] - Do not vibrate on re/connection events notifications

Fixed Bugs

- [BBIO-80] - Call in progress disappear if app is closed and re-lunched.
- [BBIO-81] - Call duration is shown instead of "missed call" for missed calls
