

# 21.0.6317

## Improvements

- [\[PGDR-1480\]](#) - The notification to enable PIN in order to receive attachments should open the PIN setup view
- [\[PGDR-1496\]](#) - Reply to messages in a single chat
- [\[PGDR-1516\]](#) - When Mutual Auth is disabled it is better not to show at all client certificate info
- [\[PGDR-1511\]](#) - When Server delete an admin in server client must manage the notification
- [\[PGDR-1512\]](#) - When user account delete from server, client need to delete that user from group chat database.

## Fixed Bugs

- [\[PGDR-1492\]](#) - When trying to add an old client to a GroupChat the app does not work properly
- [\[PGDR-1493\]](#) - Notification about "Received attachment" is persistent for single chat (not group chat)
- [\[PGDR-1525\]](#) - With remote address book contact name is not shown for new call/message when app is PIN locked
- [\[PGDR-1529\]](#) - Media gallery in Group Chat does not work properly
- [\[PGDR-1531\]](#) - When first file in group media gallery is an iphone image (.heic or .JPG) the file is not open
- [\[PGDR-1533\]](#) - Chat player of audio messages does not show filename when audio comes from iOS
- [\[PGDR-1537\]](#) - Review of the group chat's system messages
- [\[PGDR-1539\]](#) - Add contact icon style must be improved
- [\[PGDR-1542\]](#) - Messages from server (699) remains unread in chat history
- [\[PGDR-1545\]](#) - Add group contact menu not work properly with remote address book
