

21.0.5735

Fixed Bugs

- [\[IOS-1764\]](#) - When app is in background the app sometimes does not use the bluetooth connected airpods
- [\[IOS-1777\]](#) - With SSL Pinning enabled sometimes the "Unsecure network" warning popup is shown
- [\[IOS-1788\]](#) - Contacts icons should be grey/black when network is absent
- [\[IOS-1803\]](#) - the color of search text in white mode is white, it should be black.
- [\[IOS-1812\]](#) - Dark Mode: in fase di installazione dell'APP da provisioning, quando viene chiesto il PIN (Mandatory), non sono visibili i numeri della tastiera.
